Touros Village Beach Resort

Touros Village Beach Resort is a stunning low density beachfront project along the Natal coastline in North East Brazil. Touros Village Beach Resort is an award winning tropical resort consisting of 277 units with a wide selection of innovative designs and properties, giving a unique feeling to each home. Property at Touros Village Beach Resort enjoys the best possible location and is only 1.5km from the center of the popular and charming coastal town of Touros. Surrounded by miles of stunning beaches and more than 20 golf courses under planning, the residents will not be short of leisure options in this unique location. For those of us who enjoy the sun, the semi-deserted paradise beaches are great for both mid day naps as well as refreshing walks. The Touros area is also famous for its snorkel and scuba-diving, in part because of its breathtaking reefs, in part because of its all year round average water temperature of 26C. Touros is the most established coastal town on the Natal coastline with 20,000 permanent smiling residents welcoming visitors with a big smile.
